MOUNTING TOOLS FOR SE006042225

1. Equip yourself with an inserter.

2. Insert the dust seal starting from the bottom and paying close attention to the inner lips of the dust seal, which must not show any folds or cuts after insertion.

3. Insert the inserter into the injector seat where the 9646510880 pipe is located.

4. Get the guide BN600.

5. Insert it until it touches the dust seal. Press firmly until fully seated.

Thanks to the guide BN600 you will be able to easily install the dust seal SE006042225, which must be inserted up to the end of the designated seat, pressing in a sustained way.

N.B. : The inner lip of the dust seal must be outside the tube.
